

Dual action and long lasting

1. Wash and dry hands in accordance with local guidelines.
2. Apply enough HS spray to ensuring good coverage.
3. Rub hands thoroughly and allow HS to air dry.

Your hands and skin are now sanitised and protected by microSURE™ HS against a huge host of harmful pathogens including SARS-CoV-2.

Our dual action formula is free from alcohol, free from fragrance and is also gentle on hands. Plus it provides proven ongoing bio protection for 6 to 8 hours. To extend protection simply re apply as needed.
